

Dear Business Owner,

The F.J. Reitz High School Department of Theatre is excited to announce our **2026-2027 season**, featuring two unforgettable productions: ***Murder's in the Heir*** and **MAMMA MIA!**

This season offers audiences two very different theatrical experiences. Our fall comedy, *Murder's in the Heir*, invites audiences to become part of the mystery as they help determine the ending of this hilarious interactive whodunit. In the spring, *Mamma Mia!* brings the timeless music of ABBA to the stage in a heartwarming story about family, friendship, love, and discovering where we belong. Throughout the year, students also direct and produce their own **Senior Directed One Acts** and introduce hundreds of elementary students to live theatre through our annual **Peter Pan Classroom Project**.

None of these opportunities would be possible without the generosity of local businesses like yours.

We invite you to advertise in our professionally designed, full-color playbills while supporting one of the area's premier high school theatre programs. Your business will reach thousands of audience members throughout the season while demonstrating your commitment to arts education in our community.

But that's not all—your ad will also be featured in our **Sunday Sponsor Spotlights** on social media pages and have your ad displayed on our **hallway television** outside the auditorium during school days and performance nights

With more than **2,000 audience members attending our spring musical each year**, your advertisement reaches families, alumni, educators, and community members from across the Evansville area.

Your sponsorship helps fund sets, costumes, lighting, and other production needs—and more importantly, it gives our students a platform to grow their confidence, creativity, and voice.

We hope you'll join us in making this season a success. Thank you for considering this opportunity to invest in our students and the arts. We look forward to seeing you at the show!

With gratitude,

Justin McCullough-Haddix
